The minutes of the previous meeting were approved.

2. Priority Actions – Progress Report:

Progress Report was noted.

3. Social Housing Partnership

Following the recent withdrawal of the developer Bernard McNamara from a number of DCC Regeneration Projects, clarification was sought by Board Members on the status of these projects. It was felt that community facilities were also affected by these plans and communication to the residents of these areas was a key factor. The Assistant City Manager informed the members that he would be meeting with the developer at the weekend and would keep them up to date with the situation.

4. Presentation on Children's Services

Maire Igoe, Manager of Children's Services Unit gave a presentation on the work of the committee to date. 19.3% of the city's population are children and the committee is looking at all aspects that can make a difference to children's lives. They have chosen the

South West Inner City Area to carry out a study on literacy, childcare and health/obesity. Maire will update the Board on future work of the Children's Services Committee.

5. Presentation by Dept of Social & Family Affairs

This presentation was deferred to the next Board Meeting.

6. AOB
